

LUBXEN

Oxygen For Engine

C o r p o r a t e P r o f i l e

WHO WE ARE

LUBXEN manufactures its products in the UAE and operates globally. As an emerging force in the United Arab Emirates, we provide top-tier lubricant solutions tailored to meet diverse needs across various sectors. Whether you operate heavy machinery, drive competitively, or manage a fleet of commercial vehicles, our extensive range of oils and greases is designed to enhance performance, extend equipment lifespan, and ensure operational efficiency.

At LUBXEN, we position ourselves as your partner of choice, delivering top-tier lubricant solutions tailored to meet your specific needs. Whether you operate heavy machinery, are a rally driver, a daily commuter, or work in the automotive, marine, energy, or industrial sectors, our extensive range of oil and grease products is designed to empower your equipment, enhance its performance, and extend its lifespan.

We pride ourselves on providing our customers with world-class service, along with technologically advanced products that allow us to remain competitive and successful in growing our footprint. Our customer-centric approach gives us the flexibility to cater to the unique needs of both small to medium enterprises and larger corporations. We believe that every customer, regardless of size, is a valuable asset to our organization and is treated as such.

Mohammed Alamgir Kabir

Chairman of LUBXEN

Mohammed Alamgir Kabir, the Honorable Chairman of LUBXEN, is a distinguished entrepreneur with over 40 years of extensive experience in business. From his early years, Mr. Kabir has been deeply involved in the manufacturing and trading sectors, demonstrating a keen understanding of market dynamics and a relentless pursuit of excellence.

His journey began at a young age, and through determination and hard work, he successfully established and managed a business conglomerate that continues to thrive under his leadership. Today, LUBXEN stands as a testament to his vision and entrepreneurial spirit, embodying the values of quality, innovation, and customer satisfaction.

"At LUBXEN, we are committed to delivering products that not only meet but exceed the expectations of our customers. Our goal is to penetrate new markets and broaden our distribution channels, collaborating with like-minded businesses to ensure the future growth and success of the LUBXEN brand. We are dedicated to upholding the highest standards in all aspects of our operations, from product development to customer service, and I take great pride in the achievements of our team."

About Company

WHAT WE DO

At LUBXEN, Research and Development (R&D) is at the heart of our operations. We prioritize investment in the expertise of our engineers, technicians, and researchers, who work tirelessly from our state-of-the-art labs to create the most reliable and innovative lubricant formulas. Our commitment to R&D ensures that we meet the diverse needs of our customers across various global markets.

LUBXEN offers a comprehensive range of products, from heavy-duty engine and transmission oils to brake fluids and coolants, designed to suit all types of vehicles and machinery, ensuring optimal performance and protection..

WHY LUBXEN?

LUBXEN guarantees exceptional after-sales services and consultations, supported by our extensive network of distributors across the MENA region and Europe. Whether addressing your specific requirements or providing our broad range of API-approved lubricants, we are committed to ensuring quality in every aspect of our operations. LUBXEN is an ISO 9001:2015 certified United Arab Emirates brand, reflecting our dedication to maintaining the highest standards.

OUR VISION

Our vision is to become a global leader in the lubricant manufacturing industry and a trusted, lifelong partner for our customers. We are committed to providing top-quality products and services while adhering to the highest Health, Safety, Security, and Environmental (HSSE) practices in the oil industry.

OUR MISSION

Our mission at LUBXEN is to empower our customers by offering premium-quality products at competitive prices, meeting market demands, and exceeding client expectations. We strive to align our operations with the highest international standards, ensuring that our products deliver consistent performance and reliability..

OUR CORE VALUES

- **Quality:** Commitment to providing top-notch products that meet international standards.
- **Innovation:** Continuous development of products to meet evolving market needs.
- **Customer Satisfaction:** Building long-lasting relationships by exceeding customer expectations.
- **Sustainability:** Promoting eco-friendly practices in all aspects of our business.

Our Product Categories

Base Oil

LUBXEN offers a comprehensive range of base oils, serving as the foundation for creating superior lubricants used across various industries. Our base oils are categorized into three groups:

- Group 1: Includes SN 150, SN 500, SN 900, and Bright Stock 150, providing basic, yet essential, performance for a wide range of applications.
- Group 2: Consists of N150, N500, and N600, offering improved oxidation stability and low volatility, making them suitable for more demanding applications.
- Group 3: Features 4cst, 6cst, and 8cst, delivering superior performance with higher viscosity index and thermal stability, ideal for high-performance engines and industrial uses.

Automotive Lubricants

Our automotive lubricants are engineered for passenger cars, commercial vehicles, and motorcycles. They ensure optimal engine performance, protection, and efficiency, keeping vehicles running smoothly under various driving conditions.

Industrial Lubricants

Designed for machinery and equipment in manufacturing and industrial settings, LUBXEN's industrial lubricants enhance efficiency, reduce wear, and prolong the lifespan of your equipment, even in the most demanding environments.

Greases

LUBXEN's range of multipurpose greases offers excellent mechanical stability and resistance to oxidation, making them suitable for high and low temperatures, as well as varying load applications.

Marine Lubricants

Our marine lubricants are formulated to protect and enhance the performance of marine engines, ensuring reliability and durability under extreme operating conditions typical of marine environments..

Aviation Lubricants

LUBXEN provides high-performance aviation lubricants that meet the stringent requirements of the aviation industry, ensuring safety, efficiency, and reliability in aircraft operations.

Specialty Lubricants

Our specialty lubricants cater to unique applications, offering high performance and protection in specialized environments. These lubricants are customized to meet the specific demands of various industries.

Engine Care & Fuel Additive

LUBXEN's engine care and fuel additives are designed to maintain engine cleanliness, enhance fuel efficiency, and prolong engine life, providing an extra layer of protection for your vehicles and machinery.

Crude Oil

In addition to our wide range of lubricants, LUBXEN also offers crude oil products, catering to various industrial needs. Our crude oil is sourced and processed to meet the highest standards, ensuring reliability and consistency in supply.

Our Services

- **Designed & Engineered in the UAE:** Our products are crafted with precision and innovation, reflecting our commitment to excellence.
 - **Toll Blending:** We offer toll blending services for international lubricant brands, enabling them to expand their reach in strategic global markets.
 - **Oil Conditioning Monitor (OCM) Testing:** Our OCM services provide comprehensive oil analysis, helping customers assess engine and oil conditions for optimal performance and maintenance.
-

Toll Blending

Lubxen offers toll blending services for international lubricant brands that wish to expand their reach in strategic locations around the globe. Our blending services provide the agility to access markets with massive demand for lubricants.

OIL CONDITIONING MONITOR (OCM) TESTING

Lubxen provides various physical and chemical tests to assess the lubricant's condition and its performance as required by the machine's specifications.

At LUBXEN, we are driven by a commitment to excellence in every aspect of our business. From our innovative product range to our comprehensive customer service, we strive to meet and exceed the expectations of our clients worldwide. Our goal is to continue expanding our footprint, building partnerships, and contributing to the success of our customers through high-quality lubricant solutions.
